Pépite France is an initiative launched by:

Support Pépité France

The 1st network of students-entrepreneurs

Pépité France

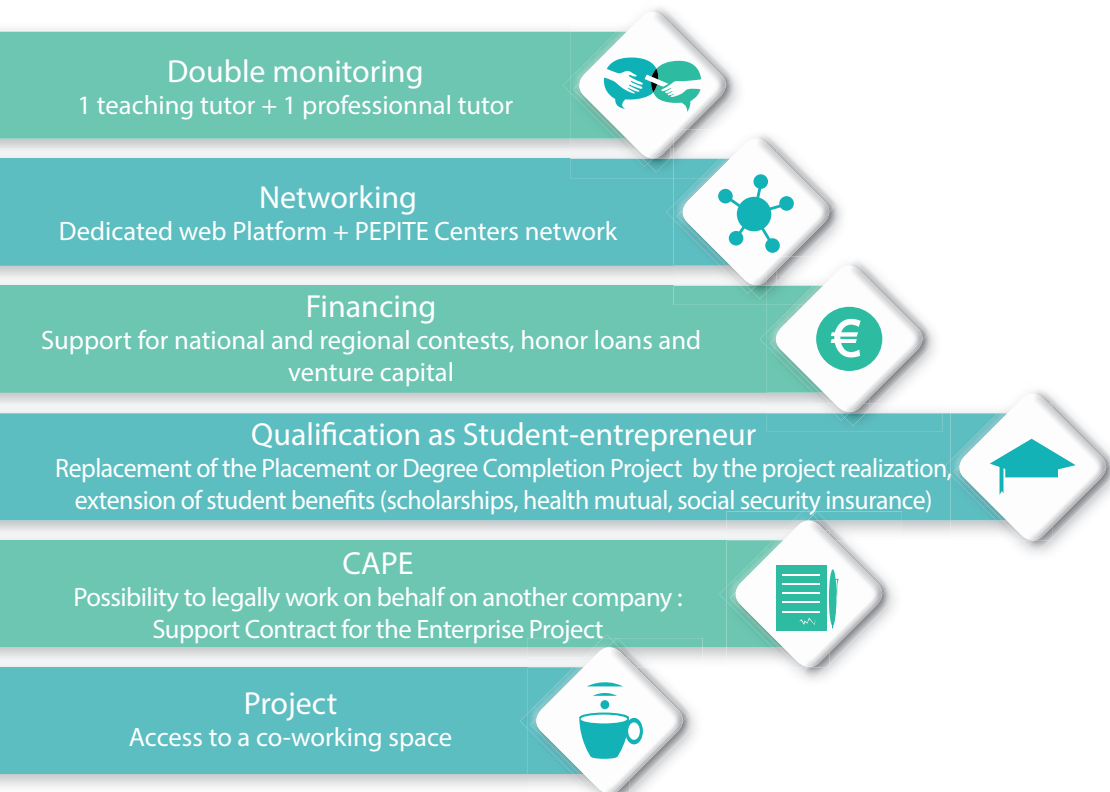

Etudiant-Entrepreneur,
Transfert, Innovation

 **FNEGE**
Fondation Nationale pour l'Enseignement
de la Gestion des Entreprises

The Ministry of National Education, Tertiary Education and Research with the support of the Ministry of Economy and Finance and the Caisse des Dépôts et Consignations (CDC) announced the setting up of national measures in November 2013 in line with the Entrepreneurship foundations. They were implemented since September 2014 :

- The creation of Student Centers for Innovation, Transfer and Entrepreneurship (PEPITE) on every tertiary education site. Their main goals are to coordinate informing and training programs on entrepreneurship and to back up projects of students and young graduates.
- The creation of the PEPITE National Prize rewarding 150 regionals and 53 national winners.
- The creation of a Student-entrepreneur National status, the first worldwide aimed at :
 - o students who want to set up a project while succeeding in their studies,
 - o young graduates, namely those under 28 so that they benefit from students' advantages meanwhile working on their startups.

The benefits of the status

FNEGE (the French Foundation for Management Education) is the initiator of the Pépité France project.

The program is coordinated by Jean-Pierre Boissin since 2015..

It combines and reinforces the national measures regarding three main points :

Point 1

Spreading out the informing digital tools about entrepreneurship with Minimento

**Pépité —
Education**
— France

Point 2

Putting in place Skills Certificates in Entrepreneurship and Innovation through the partnership with the ANDRH and Skilvioo in order to enhance their value in the labor market : intrapreneuriat, business developer...

**Pépité —
Skills**
— France

Point 3

Reinforcing the student-entrepreneur status with the PEPITE Starter program

**Pépité —
starter**
— France

- Access to the Pépité Starter monitoring and accelerating program and to a co-working space in one of the 29 PEPITE centers in partnership with **schoolab**
- A national network for student-entrepreneurs via a collaborative platform **entrUP**
- Reinforcement of student-entrepreneurs project funding : specific honor loans with **Initiative France** participative financing and crowdfunding platforms (KissKissBankBank, Ulule...), link between France Business Angels, Business Angels des Grandes Ecoles
- The group **In Extenso** | **C** puts at the student-entrepreneurs' disposal its creation consultancy network (Point C), accounting experts and legal counsels.

Pépité France also aims at linking PEPITE facilities, the student-entrepreneurs and enterprises.
